Summer 2023

Kingswood Community Catch-Up

Welcome to the first Kingswood Community Catch-Up.

Kingswood Medical Group is made up of two surgeries:

- Kingswood Surgery and
- Carfax Street.

Kingswood Medical Group (KMG) and its amazing staff are doing their best to provide as many appointments to patients as possible.

Saturday appointments are available (please see the Saturday information on the next page).

Also, we are working hard to integrate more closely with the local community and are committed to making improvements wherever possible.

On Sunday 21st May, we attended the brilliant Sahara Health Fair at Broad Green Community Centre, organised by the inspiring Taj and Bal from Changing Suits. It was a great opportunity to meet patients within our community, to have time outside of the surgery to discuss how things can be improved. KMG is subsequently meeting with two Councillors who represent their community.

Always keen to hear how we can work with you to make things better, so please consider joining our Patient Participation Group, quick and easy to sign up: <https://www.kingswoodmedicalgroup.nhs.uk/patient-group/join-ppg/>

Special mention to Ana, on our team, who does fabulous work in the community and we are really keen to support this. A huge well done and thank you.
